Answer:

A

Question 6

Question Type: MultipleChoice

A company that builds propellers for ships has incurred heavy losses while implementing the product at the end of the project. This is because a large number of customer requirements which changed during the project were not incorporated into the deliverables. The company could have avoided this situation if it had applied the Scrum Methodology, as it would have ensured that any change requested by the customer was included as part of the project, and that the team produced deliverables that were better suited to the final business environment. Which Scrum aspect is being emphasized here?

Options:

A- Value-based prioritization

B- Appropriation

C- Iterative development

D- Transparency

Question 7

Options:

A- Daily Standup Meeting.

B- Updating the Product Backlog.

C- Release Planning Meeting.

D- Creating deliverables.

Answer:

C

Question 10

Question Type: MultipleChoice

Scrum can easily be scaled for effective use in large projects with multiple small teams working on the project.

Which of the following facilitates coordination among scrum teams?

Options:

A- Scrum of Scrums Meeting

B- Daily Standup Meeting

C- Sprint Review Meeting

D- Sprint Planning Meeting

Answer:

A

Explanation:

:

There are a lot of people who say "Scrum can be used to improve the team productivity but is not scalable". In fact, it can easily be scaled for effective use in large projects. Multiple Scrum Teams can be formed to work on the project where the Scrum Team size exceeds ten people. The Convene Scrum of Scrums process facilitates coordination among the Scrum Teams, enabling effective implementation in larger projects. Multiple Scrum Teams work in parallel in large projects, making it necessary to synchronize and facilitate the flow of information and enhance communication. The Convene Scrum of Scrums is the process ensuring this synchronization. The various Scrum Teams are represented in this meeting and the objectives are to provide updates about progress, discuss challenges faced during the project, and coordinate activities.

Question 11

During a Retrospect Sprint Meeting, the Scrum team conducted an Explorer-Shopper-Vacationer-Prisoner

exercise. One of the participants indicated that he feels like an Explorer. Which of the following best describes

who an Explorer is?

Options:

A- One who wants to listen to everything and choose what he takes away from the retrospective

B- One who wants to participate in and learn everything discussed in the retrospective

C- One who wants to relax and be a tourist during the retrospective

D- One who wants to explore how other project tackled similar issues and improved processes

Answer:

D
