## Question 1

---

Question Type: MultipleChoice

---

Choose the medical term given to name the collection of heart muscle cells that regulate the heart beat.

Options:

- A- Arterioles
- B- Bradycardia
- C- Bundle of His
- D- Coronary sinus

Answer:

C

Explanation:

The collection of specialized heart muscle cells which regulate the heart beat was discovered by the Swiss cardiologist Wilhelm His in 1893 and this given the name, Bundle of His.

## Question 2

---

Question Type: MultipleChoice

---

A 27 year old male client enters a massage therapy office for a treatment holding his right hand along the pinky and ring finger. He complains of numbness and weakness in the two affected digits. He states the condition has been progressing over the last few weeks. He works in IT for a database company and works normal hours and is not very stressed at work. He is a daily commuter cyclist and also enjoys playing disc golf. What is the most likely cause of this condition?

Options:

- A- His work in IT
- B- Cycling
- C- Disc golf

D- None of the above

Answer:

---

B

Explanation:

---

The posture for bicycling requires the rider to rest on the palms while steering. Guyon's canal syndrome is also known as handlebar palsy.

C

P2P  
exams

Explanation:

---

Systole and diastole refer to the contraction (systole) and relaxation (diastole) phase of a heart beat.

## Question 4

---

Question Type: MultipleChoice

---

A client was involved in a recent auto accident and received a grade 4 whiplash injury. Which of

the following best describes the client's status?

Options:

- A- Neck pain stiffness and tenderness
- B- Neck pain with signs of neurological damage
- C- Neck pain with dislocation and spinal injury
- D- No neck pain

Answer:

C

Explanation:

A grade 4 whiplash is a critical condition associated with extreme neck pain, cervical fractures and/or dislocations, possible spinal cord injury and serious soft tissue damage. Massage is contraindicated until the condition is stabilized and a medical release is provided.
