### Answer:

---

B

## Question 2

---

**Question Type:** MultipleChoice

---

What is the most important reason for applying the segregation of duties?

**Options:**

---

- A-** Segregation of duties makes it clear who is responsible for what.
- B-** Segregation of duties ensures that, when a person is absent, it can be investigated whether he or she has been committing fraud.
- C-** Tasks and responsibilities must be separated in order to minimize the opportunities for business assets to be misused or changed, whether the change be unauthorized or unintentional.
- D-** Segregation of duties makes it easier for a person who is ready with his or her part of the work to take time off or to take over the work of another person.

**Answer:**

---

C

## Question 3

---

**Question Type:** MultipleChoice

---

One of the ways Internet of Things (IoT) devices can communicate with each other (or 'the outside world') is using a so-called short-range radio protocol. Which kind of short-range radio protocol makes it possible to use your phone as a credit card?
