Options:

- A- Full backup and incremental backup
- B- Full backup only
- C- Logical migration tools
- D- Incremental backup only

Answer:

C

Question 3

Question Type: MultipleChoice

Which of the following tools can be used to migrate an on-premises database to Alibaba Cloud while causing minimal service downtime?

Options:

A- pg_dump

B- pg_restore

C- pg_upgrade D.DTS

D- pg_basebackup

Answer:

D

Question 4

Question Type: MultipleChoice

Which of the following is the most efficient backup in ApsaraDB for MongoDB?

Options:

A- Logical backup

B- Physical backup

C- Snapshot backup

D- Full backup

Answer:

B

Question 5

Question Type: MultipleChoice

When high availability switchovers occur in a database, which of the following features provided by ApsaraDB RDS for PostgreSQL can prevent the incremental data loss of logical subscriptions?

Options:

A- Ganos

- B- Pase
- C- Slot failover
- D- High concurrency optimization
- E- Point-in-time restore

Answer:

E

Question 6

Question Type: MultipleChoice

When a backup file of core sensitive data is downloaded, business systems must be protected against data breaches. Which of the following capabilities must be enabled to ensure data security?

Options:

- A- Virtual private cloud (VPC)
- B- Secure Sockets Layer (SSL) encryption

C- Transparent Data Encryption (TDE)

D- SOL audit

Answer:

B

Question 7

Question Type: MultipleChoice

Which of the following types of data are most suitable for storage in MySQL databases?

Options:

A- Structured data in rows and columns

B- Document-oriented unstructured data

C- Large amounts of time series data

D- Key-value (KV) data that is frequently read and written

Answer:

A

Question 8

Question Type: MultipleChoice

Which of the following statements about Alibaba Cloud ApsaraDB for MongoDB is true?

Options:

- A-** It takes a longer time to perform operations and maintenance (O&M) on ApsaraDB for MongoDB instances than on self-installed and self-managed MongoDB.
- B-** DataWorks is not supported for MongoDB data processing.
- C-** Alibaba Cloud and MongoDB have a strategic partnership, so Alibaba Cloud is able to provide the latest MongoDB features in our ApsaraDB for MongoDB product, in all our global regions.

Answer:

C

Question 9

Question Type: MultipleChoice
