# Question 1

---

**Question Type:** MultipleChoice

---

A customer recently acquired another company and found that the existing infrastructure was outdated and costly to maintain. They need to put a complete infrastructure solution in place that minimizes the footprint in the data center as quickly and possible. Which solution you recommend?

## Options:

---

- A- Simplicity 380
- B- Bladesystem 7000
- C- Converged systems
- D- Synergy 12000

## Answer:

---

A

## Question 2

---

### Question Type: MultipleChoice

---

A large enterprise is experiencing exponential data growth of their existing Oracle databases.

They are concerned about their increasing backup windows and the risk of non-compliance with recovery time objectives increase of data corruption in primary storage. Their primary storage is an 3PAR Storeserv 8400, and their backup target is an HPE StoreOnce System.

Which HPE storage solution allow the customer to migrate this risk?

### Options:

---

- A- RMC Express protect
- B- Catalyst in-Flight compression
- C- 3 PAR remote copy
- D- StoreOnce unified deduplication

### Answer:

---

A

## Question 3

---

**Question Type: MultipleChoice**

---

During Technology workshop ,the customer asks about different between converged and fibre channel switches. What would be a benefits of using flex fabric switches in a fibre channel storage environment?

### Options:

---

- A-** Support for combining multiple physical switches in to one virtual switch with a single IP address
- B-** Support for six Ethernet and two fibre channel ,or six Ethernet and two ISCSI or eight Ethernet adapters per server.
- C-** Zones can be configured for QoS with high ,medium, and low priorities within a fabric on a zone by zone basic
- D-** In-flight compression and encryption provides efficient link utilization and security

### Answer:

---

A

## Question 4

---

**Question Type:** MultipleChoice

---

A customer need a backup solution to their virtualized environment .The backup solution must be agentless ,hypervise independent and integrated with HPE storage solutions. The solution must support Nimble snapshot and replication management. What products meets the customer requirement?

### Options:

---

- A- HPE storeOnce Recovery manager central
- B- Commvault Simpana Intellisnap
- C- Micro Focus Data Protector
- D- Veem Backup and Replication

### Answer:

---

D

## Question 5

---

**Question Type:** MultipleChoice

---

Match the type of storage found in today's market to the HPE storage solution optimized for that capacity?

### Options:

---

- A- HPE 3PAR StoreServ - Block
- B- MSA - Block
- C- Nimble - Block
- D- Scalability - Object
- E- StoreEasy - File
- F- StoreVirtual - Block

### Answer:

---

A

## Question 6

---

**Question Type:** MultipleChoice

---

An HPE 3PAR StoreServ 9000 All-Flash Array customer plans to deploy a secondary array 20 km away from their primary array to enable storage replication over a dark fibre. Their existing environment consists of one HPE Synergy Frame 12000, HPE SN6000B Fibre Channel Switches, HPE FlexFabric 5700 Switch Series, and HPE StoreOnce Systems.

Which HPE license is required to meet the customer's technical requirements?

### Options:

---

- A- Intelligent Resilient Framework licenses
- B- HPE StoreOnce Replication
- C- Extended Fabric
- D- HPE 3PAR Remote Copy

### Answer:

---

D

## Question 7

---

**Question Type: MultipleChoice**

---

You are adding a new host for an HPE 3PAR StoreServ proof-of-concept .In addition to the host name ,What is the minimum information that is required to create a host profile?

**Options:**

---

- A- Host Persona
- B- Host MAC
- C- Host set
- D- Host WWN

**Answer:**

---

D

## Question 8

---

**Question Type: MultipleChoice**

---

Which technology is used in a B-series SAN switch to prevent communicate between unauthorized device?

**Options:**

---

- A- Port isolation
- B- IVR
- C- Zoning
- D- VSAN

**Answer:**

---

A

## Question 9

---

**Question Type: MultipleChoice**

---

You are demonstrating adding a new virtual volume for an HPE 3PAR Storeserv array for your customer.in addition to the volume name ,What is the minimum information required to create a virtual volume(select two)

**Options:**

---

**A-** Persona type

**B-** Domain

**C-** Host

**D-** Size

**E-** CPG

**Answer:**

---

D, E
