Question 2

Question Type: MultipleChoice

The team stops regularly to:

inspect the quality of its outcomes

adapt its processes to more effectively produce outcomes.

This clearly demonstrates the team is working in an:

Options:

A- Retrospective context

B- Agile context

C- Waterfall context

D- Incremental context

Answer:

B

Question 3

Question Type: MultipleChoice

At the strategy level, a major component of waste can be avoided by ensuring the enterprise:

Options:

- A- Only begins an initiative when a budget is approved for all work
- B- Has a shared understanding of organizational goals and priorities
- C- Has changes to existing work approved by senior management
- D- Has comprehensive business cases approved by senior management

Answer:

C

Question 4

Question Type: MultipleChoice

In the past, a team has been unable to deliver solutions in a timely manner and they feel this is due to the customer being unable to decide what they want. The team has decided to ask the customer to "sign-off" on their requirements. This violates the following value statement:

Options:

- A- Individuals and interactions over process and tools
- B- Prioritizing outputs over outcomes
- C- Working solutions over comprehensive documentation
- D- Customer collaboration over contract negotiation

Answer:

B

Question 5

Question Type: MultipleChoice

The delivery team is:

prioritizing the backlog

focusing on stories that deliver maximum value first

maximizing the work not done.

These demonstrate application of the following agile business analysis principle:

Options:

- A- Customer collaboration over contract negotiation
- B- Stimulate collaboration and continuous improvement
- C- Think as a customer
- D- Avoid waste

Answer:

B

Explanation:

Question 7

Question Type: MultipleChoice

The delivery team wants to ensure stakeholders contribute value on an ongoing basis to delivering the solution. This is an example of the following agile analysis principle:

Options:

- A- Retrospective input and observations
- B- Avoiding waste and unused functionality
- C- Stimulate collaboration and continuous improvement
- D- Value of assessing problems in a timely manner

Answer:

C

Explanation:

Question 8

Question Type: MultipleChoice

While discussing the Business Analysis Approach, decisions are made about which methodology or approach to use for the initiative being considered. These discussions are happening at the:

Options:

- A- Feedback horizon
- B- Initiative horizon
- C- Strategy horizon
- D- Delivery horizon

Answer:

C

Explanation:
