Answer:

D

Question 4

Question Type: MultipleChoice

Your customer has received 50 boxes of item A (priced at \$10 per box) and these items are transferred to the asset Inventory organization. There are no additional quantities in any of the inventory organizations apart from the received 50 boxes. After running all the necessary cost accounting and organizations apart from the received 50 boxes. After running all the necessary cost accounting and receipt accounting processes successfully, the item validation for item A is still zero.

What is the reason?

Options:

- A-** Items are consigned and ownership is transferred to "owned".
- B-** Items are consigned items and ownership lies with the supplier.
- C-** Items are not consigned items but ownership is still with the supplier.
- D-** Items are not consigned items and ownership is with the organization.

Answer:

B

Question 5

Question Type: MultipleChoice

Question 7

Question Type: MultipleChoice

While performing the task "Create Chart of Accounts, Ledger, Legal Entities, and Business Units in Spreadsheet Task", you did not provide the functional currency; however, you mentioned that the legal entity country is the United States of America.

What will be the functional currency of the ledger you are defining?

Options:

- A-** It is mandatory to provide functional currency, because ledger cannot be defined without functional currency. The system will throw an error upon processing.
- B-** It is mandatory to provide functional currency because ledger cannot be defined without functional currency. The system will throw an error upon upload of the spreadsheet because all required fields are not populated.
- C-** The system will pick the first available currency from the List of Values.
- D-** The system will ask the user to provide functional currency at the time of uploading the spreadsheet if it is not provided in the first place.
- E-** The system will automatically pick "USD" as functional currency from the legal entity country.

Answer:

E
